Principal’s Report

Welcome back to all of our school community! It is a good time to reflect on the successes of 2012 and look forward and set new goals for 2013.

As you probably know our HSC results for 2012 were outstanding!

I would like to acknowledge the outstanding individual results first as they are a tribute to the results that can be achieved through the hard work and commitment of the students, the support from their families and the calibre of the teaching and learning strategies delivered by the staff in a wide variety of subjects.

Josie Stevens ATAR 98.6 Robert Suckle ATAR 96.55
Egan Meeks ATAR 94.58 Lisa Butson ATAR 94.25
Bronte Magin ATAR 89 Nathan Buyers ATAR 89

Josie completed her HSC over two years taking advantage of the pathways approach to the HSC and her results have shown this has definitely worked for her.

Although our high achiever results were wonderful, this is not the end of the positive HSC story. The 2012 HSC students achieved 17 band 6’s and 67 band 5’s. These are the top two bands for results. This constitutes 30% of all our results, an amazing statistic. As identified in the Herald, this was a result that deserved special mention. It is also extremely heartening to see that these results were across a large number of subjects, and more specifically the more academic subjects.

This was an exceptional cohort of students and they have set the bar at a very high level for the years to follow, but I have confidence that students will do the best that they can. It also shows that if students put in the effort anything is possible at Swansea High!

It is also with great pleasure that I welcome the new year 7 parents to the P&C. Without a strong P&C it is difficult to have a truly representative parent voice within the school. It is also extremely heartening to see that these results were across a large number of subjects, and more specifically the more academic subjects.

This was an exceptional cohort of students and they have set the bar at a very high level for the years to follow, but I have confidence that students will do the best that they can. It also shows that if students put in the effort anything is possible at Swansea High!

15 February 2013

Our enrichment class has started with gusto. The staff are very impressed with the calibre of students and their commitment to their education. I will be sending an invitation shortly to all parents in this group so we can get together to discuss their progress. The Independent Learner class in year 7 and 8 have also attracted very positive comments and have started the year extremely well. Well done to all these students. All year 7 classes have been very settled and students are enjoying the variety on offer in secondary school. There will always be some issues as students begin to meet new students and friendships may fracture and there will be emotions attached to this. Please contact the school if there are any concerns that you have.

The focus for the staff during 2013 will be on the planning for the implementation of the new National Curriculum syllabuses in Maths, English, Science and History in years 7 and 9 in 2014. This will include incorporating new approaches to programming learning and the inclusion of assessment for learning as an integral structure within the units of work. Assessment for learning uses assessment as a tool to determine a student’s understanding at points throughout the unit and allows teachers to modify the program to meet the needs of the students.

Finally congratulations to Georgia McConville who again has been selected to represent NSW in the CHS Water Polo competition. An honour well deserved and we wish her the best of luck in the competition. Also to Tegan Fennell who has been selected to compete in the Australian Athletics Championship in Perth after achieving a silver medal in discus and shot at the NSW Country championships. A great opportunity to continue to excel and we hope she performs well.

I am running out of room and there are many wonderful things to tell…they will have to wait until the next newsletter!

Robyn Leggatt
Relieving Principal

P&C News

First Tuesday of each month at 4.30pm
All parents are welcome to attend.

Please note:

Uniform Shop Hours are:
Tuesday 8.30am - 11.30am
Thursday 1.00pm - 4.00pm
Deputy Principal

Welcome back to Swansea High School. We return to school this year with the best results in the HSC that I have seen across the three Secondary Schools that I have been employed. We have even surpassed other nearby schools in our area. Congratulations to Year 12 HSC 2012 and to the staff and parents who help them succeed to such a high standard.

The Stage 5 Assessment Booklet (Years 9 and 10) will soon be Moodle for student and parent access. This document outlines the rules and regulations, school policy and other information related the Record of School Achievement (RoSA) which replaces the School Certificate.

To receive a good result in your RoSA, it is important that all assessment tasks are handed in on the due date. If tasks are not submitted or are late they must be presented to the Head Teacher of that subject with an Appeal Form (found in the Stage 5 Assessment Booklet) and a doctor’s certificate or a Statutory Declaration. This is a big change in procedures from what students and parents are accustomed to in Stage 4 (Year 7 and 8) and continues on to Stage 6 (Years 11 and 12). Students who do not have a doctor’s certificate or a Statutory Declaration will not receive a mark for their task. However, it is a requirement that the task is still submitted to achieve the outcomes it tests. If the task is not submitted a warning letter is sent home. If the situation is not resolved the student risks not receiving a RoSA, Preliminary Certificate in Year 11 or a HSC. There is more detailed information that you should read in the Stage 5 or Assessment Booklets.

It is unfortunate that sometimes no matter how fantastic the students at Swansea High School are that I need to remind parents and students to protect their valuables. Students should keep an eye on their bag at all times and never leave valuables in their bag if it is unattended.

Sometimes students make changes to their pattern of study. This happens mostly at the end of Year 9, beginning of Year 10 and for Year 11 and 12. The cut off date for change of subject is the 22nd of February. Students will be invoiced after this date. Invoices will be posted or will appear in the next newsletter this term.

Swansea High believes in RESPECT, RESPONSIBILITY AND READY TO LEARN. As a staff we use this terminology with students on a daily basis. There are a lot of expectations that revolve around these three statements. Three of the most basic expectations are that we expect students to follow instructions and be cooperative to staff and students, to look after the school environment and to be prepared for all classes. I will be reviewing, RESPECT, RESPONSIBILITY AND READY TO LEARN at each school assembly this year.

I wish all of the students, parents and staff a successful and enjoyable year.

Guli Skamperle
Deputy Principal

Parents for NEW Year 7 2013

The school has organised school contributions, fees, school camp to be invoiced and ready for parents of new Year 7 2013.

Please be aware that the camp was invoiced to all students and students NOT attending the camp will have their invoices deleted after the camp date.

Set below for your information is the new schedule:

- Y7 General Contributions $65.00
- Y7 Technology $40.00
  (Metal, Wood, Textiles, Food Technology & Graphics)
- Y7 Language $10.00
- Y7 Music $25.00
- Y7 Camp $242.00
  (Mon 25 Feb-Wed 27 Feb)

Please note that all outstanding invoices will be in the next newsletter in Term 1, Week 8. The contributions, fees can be paid in full or by instalments over the next couple of weeks/months.

Year 7 2013

Year 7 parents/carers and students to Swansea High School.

It gives me great honour and privilege to write my very first Year 7 newsletter.

The majority of year 7 students have settled into high school quite well. I look forward to getting to know all Year 7 students individually and working with them all closely over the next six years.

Final payment for year 7 camp was Friday, 15 February 2013. The cost was $242.00. Money and permission notes must be signed and handed in. You should have received a note providing you information about what you should pack for the camp.

That’s all for now. Until the next newsletter always remember “Learning is a journey not a destination”.

Cheers,
Tania McLaren
Year 7 Adviser

Exam Dates

Year 12 Half Yearly Exams
3 – 10 April 2013

Year 12 Trial Exams
5-16 August 2013
English/Drama
The year has barely begun but is already abuzz with students participating in a number of activities. The Year 12 Drama students attended OnStage last week with Miss Enks. This is a showcase of the best drama performances and Major Work projects from across NSW in 2012. This makes it an invaluable trip for our students.

We have a large number of Year 11 and 12 students participating in the Lions Club Youth of the Year Quest. The participation numbers have been overwhelming and the Swansea Lions Club actually divided our students into 2 other regions as well – Charlestown and Valentine. This goes a long way to showcasing our talented students outside of our own area. Congratulations to all for participating and good luck to each one in their endeavour to achieve excellence.

We are continuing to focus on debating, as well as public speaking, as a key extra curriculum activity. I am in the process of registering teams for the Premier’s Debating Competition in all years. If you have a son or daughter who is interested please tell them to see their English teacher or myself in the next week.

We will also be advertising a number of writing competitions which I encourage students to participate in as another avenue of improving writing skills.

Lidija Nenad
Head Teacher English/Drama

School Attendance: Tips for parents
Each Newsletter I will be providing tips for supporting regular attendance at school.

- Develop good routines – every child NEEDS a routine. Positive habits are a great foundation that will help students not only in their school life but also into the future:
  - Organise uniform and school bag the night before;
  - Get plenty of sleep, go to bed at the same, reasonable time every night;
  - Get up at the same time every morning;
  - Start each morning with a nutritious breakfast
  - Leave for school on time – Roll Call is the first period of the day!

- Be positive about school in front of your child. If you have a concern talk to someone at the school.

Lidija Nenad
Attendance Coordinator

Science
It’s hard to believe that a new year has started. We say goodbye to one group of students who have been with us for 6 years, then welcome a new bunch for what we hope will be a rewarding time at Swansea High School.

A big congratulations to our HSC students last year for the excellent results they obtained. Our HSC Science teachers should be commended for preparing the students so well, with a special mention for Mr Vallence and Mr Casey. I feel so proud and so lucky to lead a faculty filled with such dedicated and professional teachers who go above and beyond the call of duty every day. Go team!

Our year 7 students are currently learning about working safely in the laboratories. Although it may seem a little tedious, it is vital that you know how to work safely in the labs and what to do if something does go wrong.

Other junior courses have all begun and students should now be back into the usual routine of getting books, pens and pencils out of their bags at the start of their lessons, ready to learn.

Preliminary courses have also started and I like to take this time to remind all students how their relationships with teachers change in senior school. Students shouldn’t look at an “us against them” mentality with teachers. In senior school, we prepare you for the HSC exams at the end of year 12 and for life outside of school. The years I have a year 11 class, on the 1st day of year 11 I ask the same question that I want answered on the 1st day of year 12: How fast did that year go? We only have 7 terms to prepare you for what is a fairly important bunch of exams. We want you to do well. We want you to develop a “you and I against the rest of the state” mentality. For most students, this change is eagerly embraced. But for a small minority, there needs to be a small paradigm shift in thinking. Work with us, not against us.

For our HSC courses, they are approaching the halfway point of their courses with the completion of their second topic. I’ll ask the question: How fast did that last year go? Only 2 terms to go after this one. Now is the time to begin revising work from term 4 last year. Get a copy of each syllabus for the subjects you are taking, go through each point in the syllabus and treat it like a question: could you answer that in the HSC exam? If you are not sure or confident on any point, ask your teach if they can explain it to you, either in class or make an appointment to see them during a lunch or in class time if you are both off at the same time.

Let’s make 2013 another successful year at Swansea High School.

Paul Nebauer
Head Teacher Science

HSIE
Last year was another successful year for HSIE at Swansea High. Two of our Year 12 students gained Band 6’s in the HSC which placed them in the top 10% of the state in the subjects of Ancient History, Modern History and Society and Culture. This is a remarkable achievement and congratulations to Lisa Butson and Josie Stevens on their success. Overall the HSC result in HSIE was very pleasing and reflects the studious nature of that particular group and the hard work shown by the students, teachers, and parents.

The current HSC students are already more than a quarter of the way towards the examinations and the feedback provided by staff indicates that the vast majority are equipping themselves well by adopting a revision program, summarising notes, and thoroughly preparing for their assessment tasks. Congratulations also go to them for this positive work ethic.

A reminder to our Stage 5 students (Years 9 and 10), that they must satisfactorily complete the courses in History and Geography in order to meet the expectations of the Record of School Achievement. If they are experiencing difficulties, they should speak to their teacher or myself.

Our Stage 4 students are busy studying the Ancient World (Year 7) and Globalisation (Year 8) and may soon enthral dinner conversations with tales about Tutankhamen or the measures used by a multi-national corporation.

Our staffing in HSIE remains stable with the exception of one change. We would like to welcome Mr Alan Cizzio who will be taking Mrs Robertsons’ classes for Term One, as she has extended her leave.

Regards,

Adam Young
Head Teacher HSIE
**Careers**

We have a number of alternative pathways courses running this year which are a great way for students to gain extra skills and qualifications as well as experience training outside of the school. These include Certificate II Community services with Castle Personnel. Certificate II Sport and Rec Fitness with PCYC. Hairdressing pathways at TAFE.

The General Construction Induction (White Card) course will be running on Tuesday 26th Feb. Cost is $85. Spots are limited. See Careers office for permission note.

If any students or parents would like to receive a weekly email detailing advertised junior casual jobs, traineeships and apprenticeships please email Mr Korsman at mark.korsman@det.nsw.edu.au

Tax File Number applications are available from the careers office for anyone over 13 years of age. These are special applications for school students and require only the birth certificate number for ID.

Work Experience. Students from yrs9 and over are able to participate in work experience during school terms. The school is always seeking employers who would be willing to help by taking a student from time to time. If you are interested and able to help provide valuable work experience please contact Mr Korsman at the above email.

For those who are new to the school the careers office is located at the back of the library.

*Mark Korsman & Reea Pawley*  
Career Advisers

---

**Library**

The library is staffed this year by Mrs Jarrett (Teacher Librarian) and Mrs Owen (Library Assistant). The library is open each day before school, each recess (except Tuesday when there is a staff meeting) and each lunch time. Access to the Library after school needs to be arranged prior with the Teacher Librarian.

**Year 8 and Year 7 Karakal students have library lessons** once a week. One purpose of these lessons is to improve research skills and presentation of assignments including correct citation of information sources. The other emphasis is on improving the reading component of literacy. Therefore, all Year 8 plus Year 7 Karakal students participate in the Premier's Reading Challenge (PRC). The PRC requires that 20 books are read before the end of August and our library is well stocked with appropriate reading materials for all levels of reader.

**The Canine in the Classroom (Bark) program** will be running again this year. Selected Year 7 and Year 8 students will read to our Delta trained dog, Zac, and his handler, Michael, on a Thursday afternoon. To participate in this program a student must have either a literacy or social need, not be afraid of dogs and not be allergic to dogs. The program commences this Thursday (week 3).

**Wish list:** Students and teachers who want to recommend that the library purchase particular titles or books by particular authors should see Mrs Jarrett. We will try to meet as many of these requests as we can within our budget.

**TV4Ed:** VHS tapes and DVDs are no longer produced in the library. Educational programmes are now available to staff and their students via MP4. The quality of these digital recordings is excellent and we can now access both free to air and Foxtel programs. These programs no longer require a television and VHS/DVD player for delivery. Any room with a computer and IWB or screen can be used. Teaching staff are still learning how to use this new system of audiovisual delivery.

**Overdues Texts:** Some students still have library items which they borrowed last year. These items need to be returned prior to being allowed to borrow this year. Outstanding textbooks are a big problem because this means that class sets of books are short for this year’s classes. Please return items to the grey returns bin at the circulation desk.

*Michelle Jarrett*  
Teacher Librarian

BMX NATIONAL SIGN ON DAY
Come and try the thrill and excitement of BMX RACING for FREE

Lake Macquarie BMX, Mary Street, Argenton
23 February from 10.00am – 2.30pm

Contact: Trish Anderson on 0409 452 342

This is an opportunity for anyone to have a go at the Olympic sport of BMX Racing. On the day participants will be given a showbag, be involved in a coaching session, and have the opportunity to ride on the track to see if they would be interested in joining the club. This is a rare opportunity as it is the only day BMX Australia allows unlicensed riders to ride on an official track, however, parents will need to sign a recognition of risk form.

Swansea-Caves Junior Rugby League Football Club

2013 Registration
U/6’s to U/14’s

Anaphylaxis information
If your child is diagnosed at risk of a severe allergic reaction, particularly anaphylaxis, the Anaphylaxis Procedures contain information for schools and parents designed to minimize the risk to students. If your child has an allergy it is important to let us know – see Action steps for parents. Find out more: http://www.schools.nsw.edu.au/studentsupport/studenthealth/conditions/anaphylaxis/index.php

Vaccine for Boys
In 2013 boys in Year 7 will be offered a vaccine that protects against infections that can lead to cancer. The vaccine is already available for girls. Find out more: http://www0.health.nsw.gov.au/news/2012/20121122_02.html

Job outlook – career quiz
Here’s a career quiz to help your teenager identify what occupations they are most likely to be good at. Find out more: http://www0.health.nsw.gov.au/news/2012/20121122_02.html

2013 Homework planner
Kids and families run more smoothly when there’s a plan. The 2013 homework and study calendar includes key dates and school holidays. You can print it out month by month, or by the whole year. Find out more http://www.schoolatoz.nsw.edu.au/homework-and-study/homework-tips/2013-homework-planner

Parents pool their tips
Ask your child to write all their teachers’ names on their timetables and make a copy for the fridge. If they have a mobile phone, have them take a photo of their timetable so they have it with them all the time. Find out more http://www.schoolatoz.nsw.edu.au/homework-and-study/planning-or-future/back-to-school-checklist

Benefits of team sports
If you want your child to grow up to be a confident and well-adjusted adult, then team sports may well be the answer. Benefits include learning how to be more resilient, and being less likely to feel isolated. Find out more: http://www.schoolatoz.nsw.edu.au/wellbeing/fitness/benefits-of-team-sports
