Every student must have a Homework Diary in which to record homework or record the HW in a designated section of their work book.

Homework is:

- Completing any SPECIFIC task set.
- Completing any work outstanding from class.
- Catching up on class work missed through absence.
- Reading over work covered in class that day.
- Mastering definitions of literary terms.
- Learning spelling of key words.
- Completing assignments.
- Revising for tests/examinations and assessment tasks.
- Reading.

If any HW task is not completed a note of explanation should accompany the student and be shown to the class teacher.

Lunchtime detentions will be given at the discretion of the teacher if work is not completed and no note of explanation is provided. During the detention the student will complete the HW.

If a student is a regular homework defaulter they will be placed on Faculty Monitoring and parents will be contacted.
